[Add classifications as required by the project]

Definitions:

Skilled: An individual who performs work in a classification listed on the scale of wages. It is presumed that an employee is a skilled worker in that classification, and entitled to receive corresponding skilled rate, unless the worker satisfies all of the criteria for being categorized as a semi-skilled worker.

Semi-skilled: An individual registered in a bona fide apprenticeship program registered with the United States Department of Labor, Employment and Training Administration, Bureau of Apprenticeship and Training. Apprentices are paid pursuant to their individually warranted percentage for the classification they perform as set forth in the apprentice program standards.

Unskilled: An individual with less than twelve months of cumulative experience in the construction industry and who is not registered in a bona fide apprenticeship program.

The above definitions shall not apply to workers in the classification of Laborer.

Apprenticeship Programs:

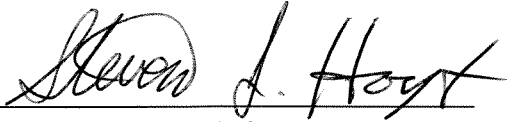

The Wage Committee determines that the common practice in the county is for contractors to pay workers in bona fide apprenticeship programs registered with the U.S. Department of Labor, Bureau of Apprenticeship and Training and that the rate of pay for the classifications of labor that participate in such program shall be a percentage of the journeyman's rate (skilled rate herein) depending on the individual's progress in the program.

Workers engaged in such an apprenticeship program will be permitted to work at less than the skilled rate set out above for the work they perform. Such apprentices must be paid at not less than the rate of the registered program for the apprentice's level of progress, expressed as a percentage of the journeyman's hourly rate which is the skilled hourly rate in this wage scale.

Any worker who is not registered or otherwise employed in a bona fide apprenticeship program with the U.S. Department of Labor, Bureau of Apprenticeship and Training and has twelve or more

cumulative experience in the construction trades shall be paid at the skilled wage rate on this w
determination for the classification of work actually performed by the worker regardless of how
classifies such a worker.

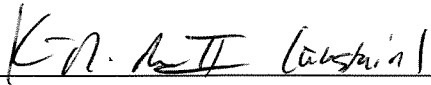

Disputes regarding the appropriate classification of workers and the amounts said workers shou
be submitted to the Indiana Department of Labor for investigation.
